You can always contact us thru support. :)

HOW TO GET SUPPORT

You can get support by sending me a ticket at <http://angelswebdesign.net/support>

Note: I don't offer customizations included in support! Thank you for understanding!

Before posting, try to open the JS Console (hit F12) and click on Console. The errors appear in red color. If you can solve the problem on your own it's good, however if you're planning to ask us, try sending a screenshot of the console and a link to your website.

Installation

OPTIONS 1 :

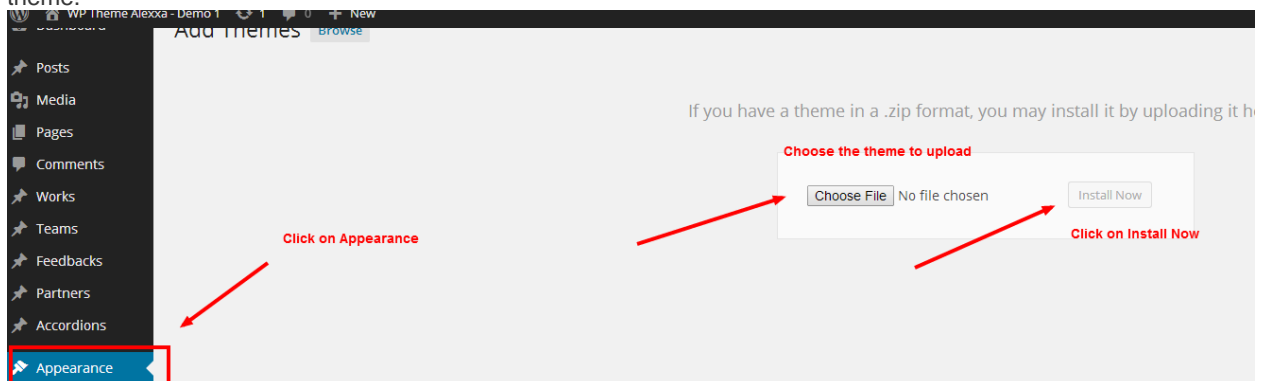

Install the theme thru your cpanel by clicking on quick install in your hosting account.

Or Upload "theme name" folder from our download to your hosting into wp-content/themes directory (wp-content/themes/themename that's how it should look like).

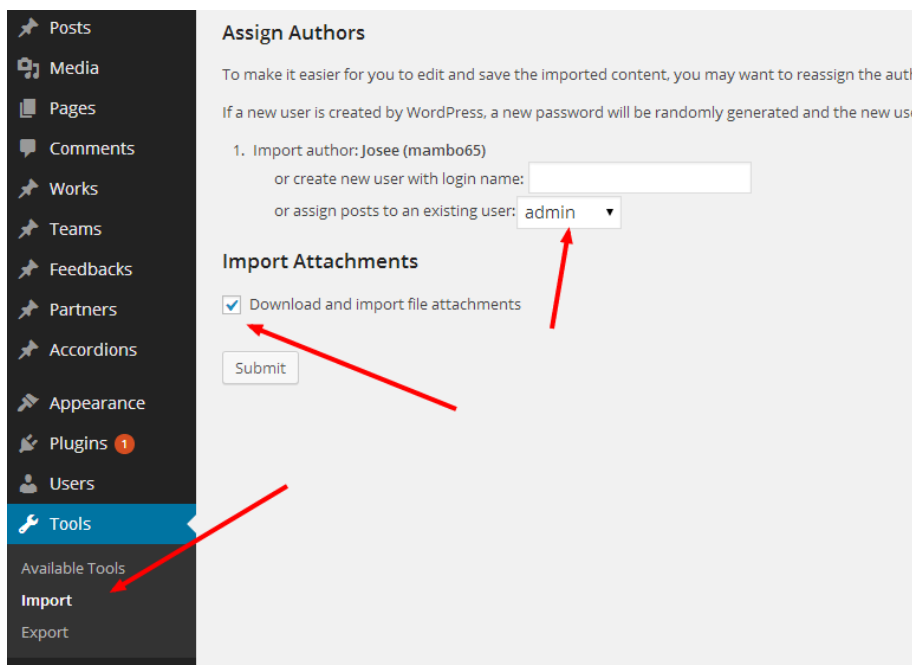

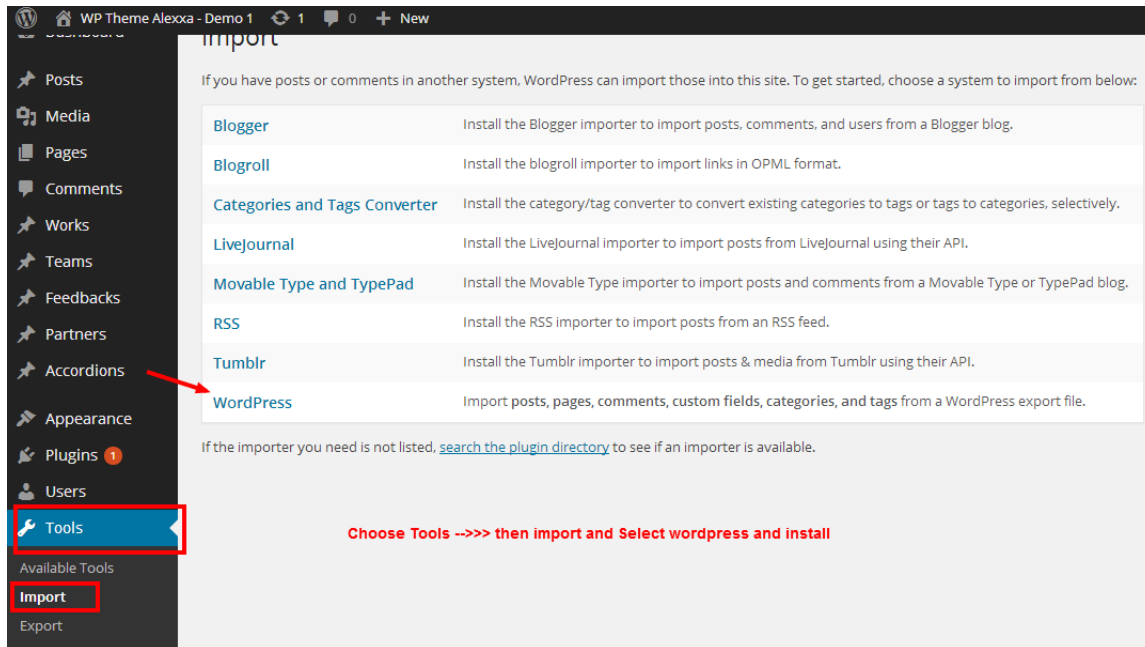

OPTION 2 :

Use "Install theme" function from dashboard and choose for upload "themename.zip" that is located on your desktop. After that activate Theme from Wordpress admin panel by clicking "Themes" in "Appearance" section, which is located on the left side. The theme has a "One Click install" option that will help you get started with working with the theme.

WARNING! DO NOT INSTALL the dummy data on your live website. It may be possible that your current data get's corrupted. We strongly recommend installing the dummy data on a clean Wordpress install.

If you wish to install the xml document to duplicate our demo you can do so, the xml file document is in the folder for the demo along with the pictures. In your dashboard you will need to click on tools, then import and select which demo xml you want to import. Click ok and make sure you click on all and import. It will take a few minutes.

Then you want to click on backup options:

Updating

Please make sure you backup your existing theme folder before updating. Additionally we recommend performing the update on a development site before making it on your live site.

In order to update the theme please follow these steps :

- Backup your existing theme folder
- Copy the files inside "the themes" folder from the zip file downloaded from themeforest to the theme folder
- Enter the theme's admin panel and save your options.
