INSTALLATION

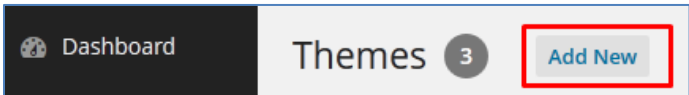

1. Login to your dashboard

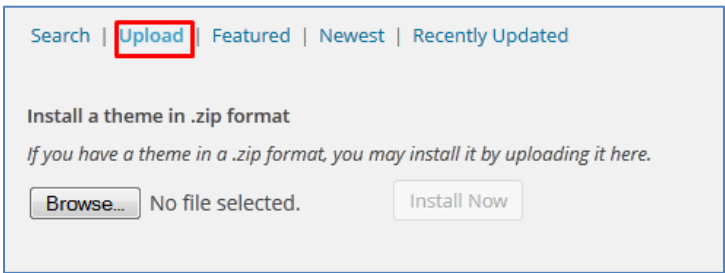

2. Go to Appearance >> Themes

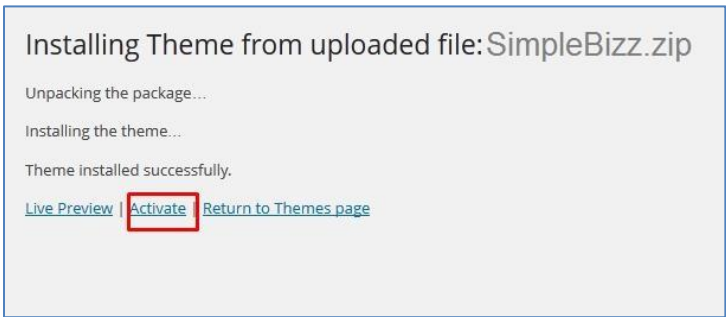

3. Click on Add New

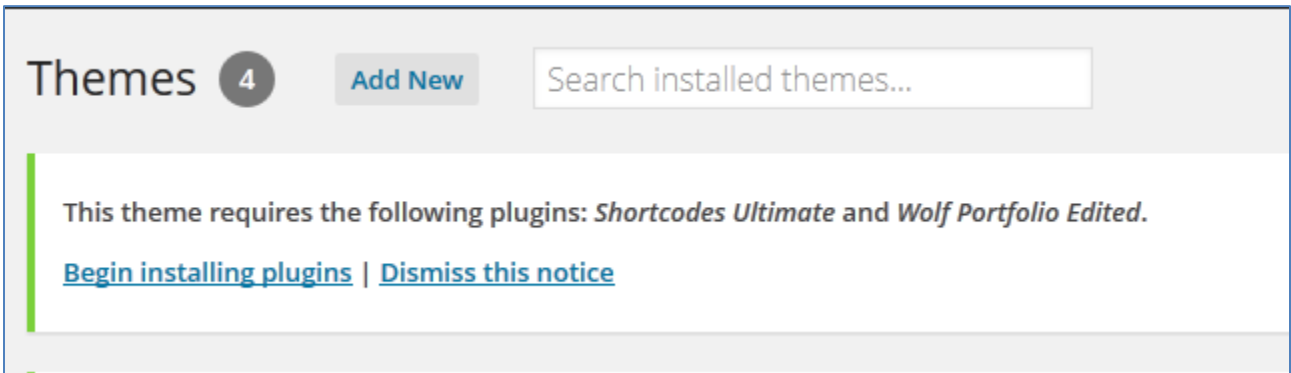

4. Click on upload, browse your theme file and click on Install Now

5. After finished, click on activate

6. The last, you have to install required Plugins.. Click on **Begin installing plugins**

7. Select All plugins, select bulk action > Install > Apply

Bulk Actions

Apply

<input checked="" type="checkbox"/>	Plugin	Source
<input checked="" type="checkbox"/>	Shortcodes Ultimate	External Link
<input checked="" type="checkbox"/>	Wolf Portfolio Edited	External Link
<input checked="" type="checkbox"/>	Plugin	Source

Install

Apply

8. Finish.. You’ve finished in installing SimpleBizz theme. Now, let’s start to make your site more elegant!

Install Required Plugins

Shortcodes Ultimate installed and activated successfully. [Show Details.](#)

Wolf Portfolio Edited installed and activated successfully. [Show Details.](#)

Install Required Plugins

The installation and activation process is starting. This process may take a while on some hosts, so please be patient.

Installing and Activating Plugin Shortcodes Ultimate (1/2)

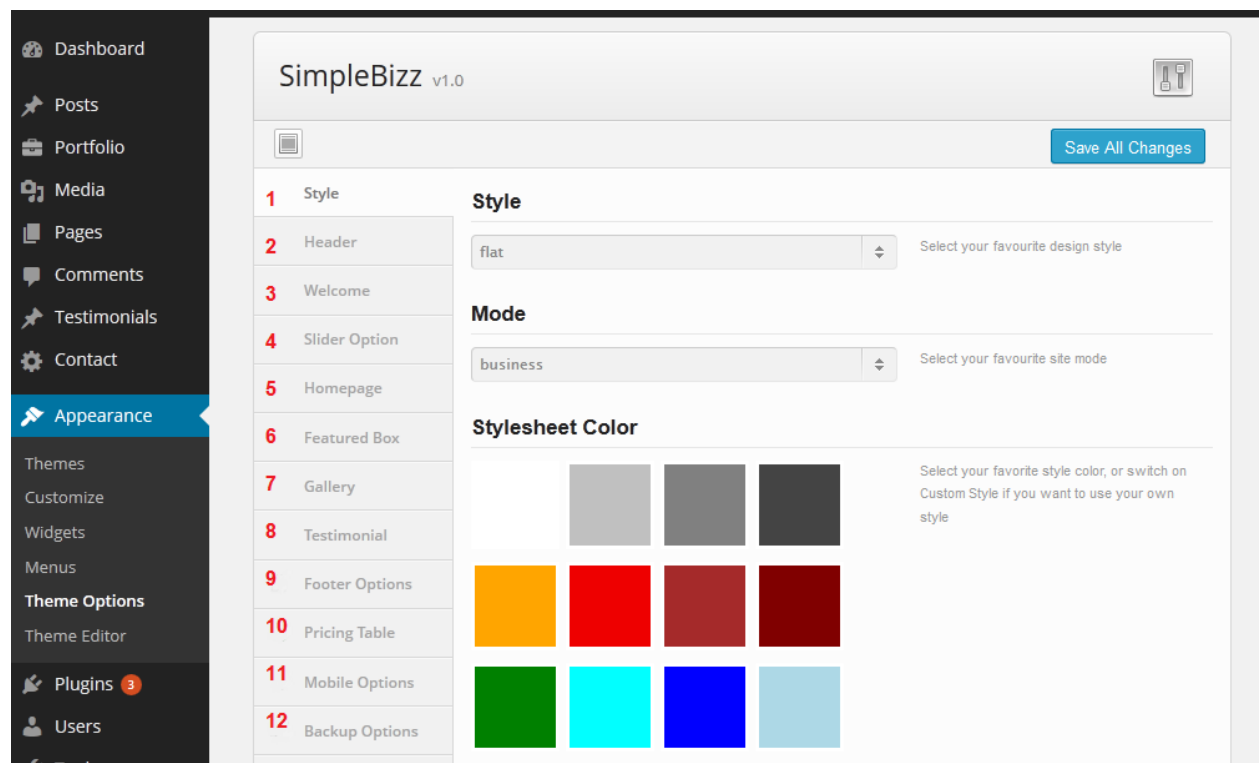

Installing and Activating Plugin Wolf Portfolio Edited (2/2)

Access your site, it will appear not properly! Don’t worry! It’s not error. You just need to configure it..

THEME OPTIONS

Before you work with this theme, you should know that SimpleBizz comes with cool and easy to use Admin panel. Go to **Appearance >> Theme Options!**

Here is preview of theme option!

- 1. Style**
In this section you can select site mode, style, site background, stylesheet color, select google font, and configure the color.
- 2. Header**
You can configure header from here: logo, menu icon, and more.
- 3. Welcome**
You can configure welcome title or content from this option.
- 4. Slider Option**
Select what slider type you want to show, and also slider content
- 5. Homepage**
Organize how you want the layout to appear on the homepage
- 6. Featured Box**
Usually, people use it to show their service or features
- 7. Gallery**
Configure the home gallery content from here.
- 8. Testimonial**
You can configure testimonial from here
- 9. Pricing Table**
If you want to place pricing table, you can organize it from here
- 10. Mobile Options**
Use this option if you want to configure mobile template
- 11. Backup Option**
You want to create multiple websites with similar configuration, you can use this feature. You just need to copy the code and import it into new website.

SINGLE PORTFOLIO

LIGHT BOX
FEATURE

And here is how to configure Portfolio post type

1. Go to Portfolio → Add New

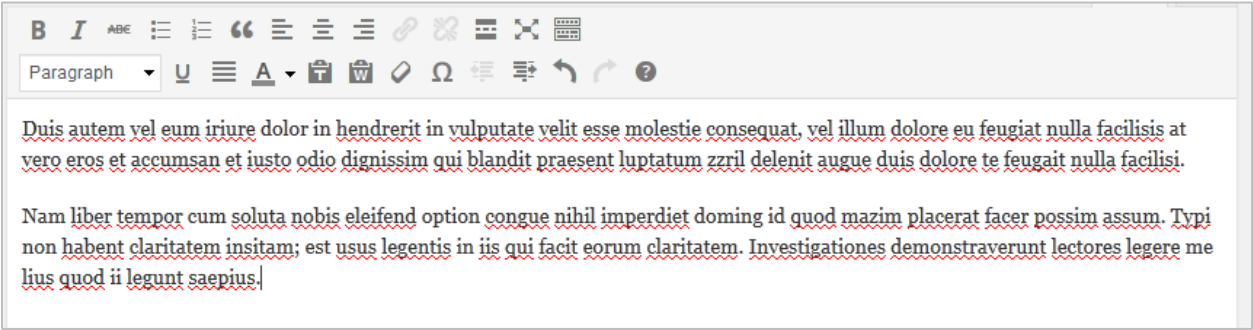

2. Enter Your Portfolio Title here

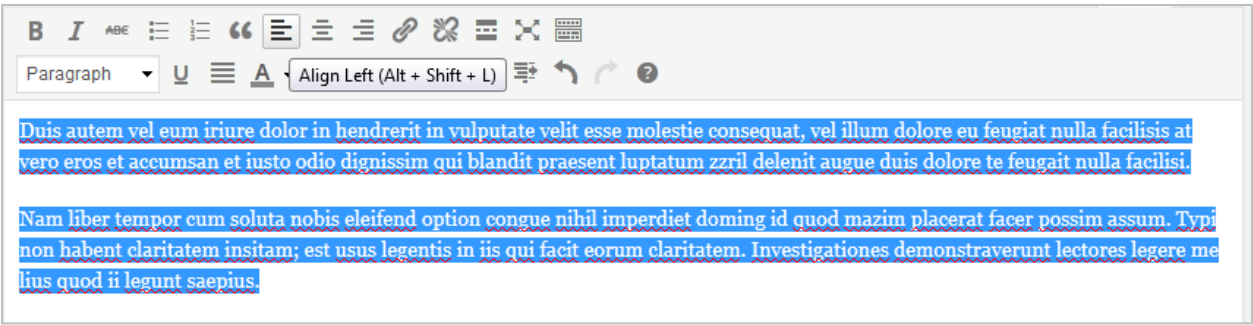

Add New Work

Your Portfolio Title

3. Enter your portfolio description here.. **Recommended, not more than 150 words..** But, more than it is no problem..

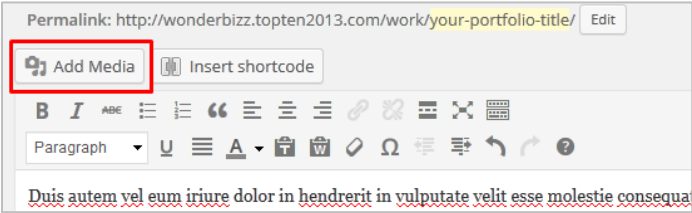

4. **Select all text, and make it align left, center, right, or justify..** Otherwise, it will not appear properly on single portfolio

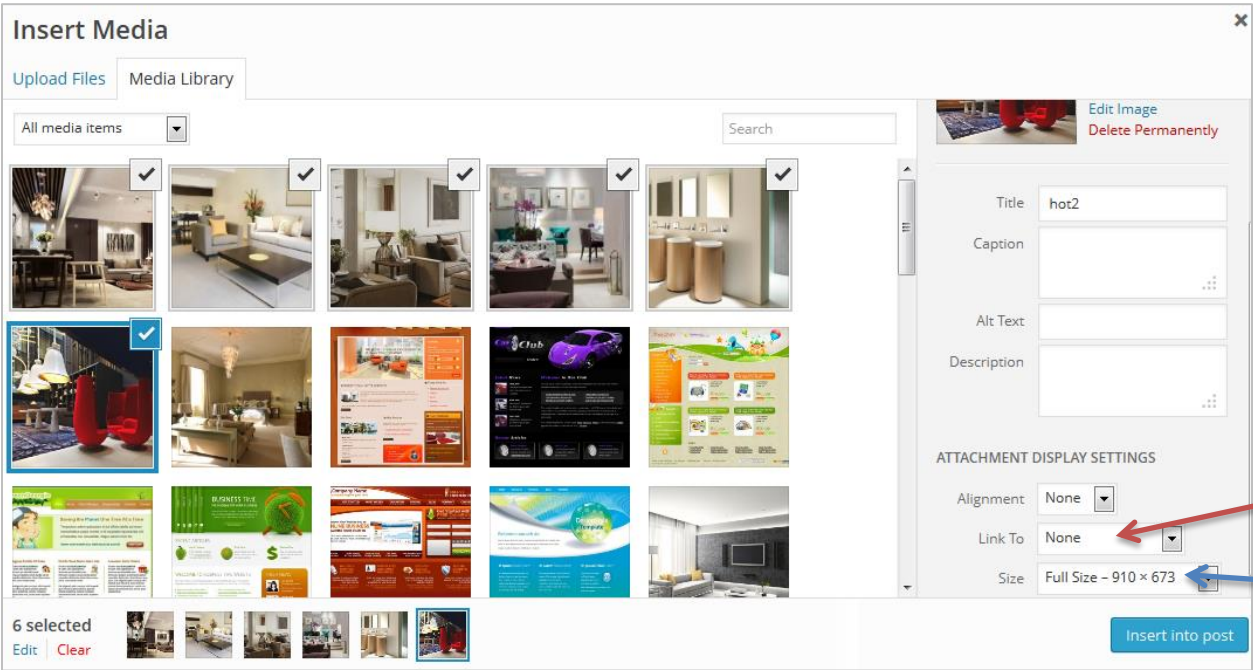

5. Set Featured Image

6. Insert your images to post.. It will automatically cropped on single portfolio

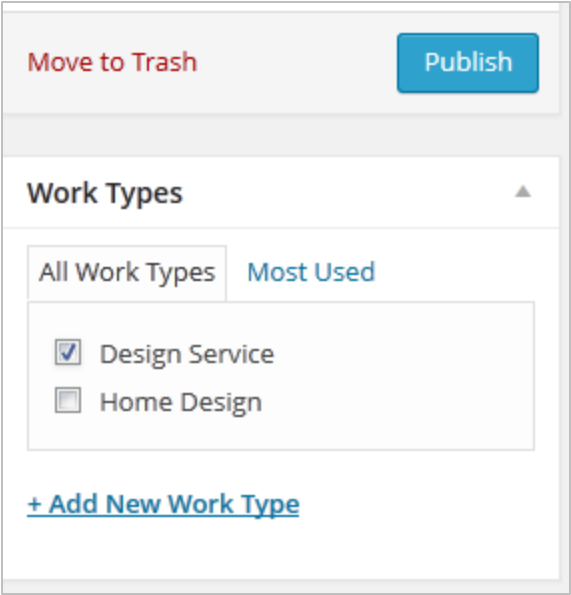

7. Before you insert all images, make sure it **Link to** set to **None** and **Size** set to **Full Size**. Then, click on **Insert Into Post**

8. Scroll down and Enter your client name and client url

9. Select or add new Work Type and finally, click on Publish

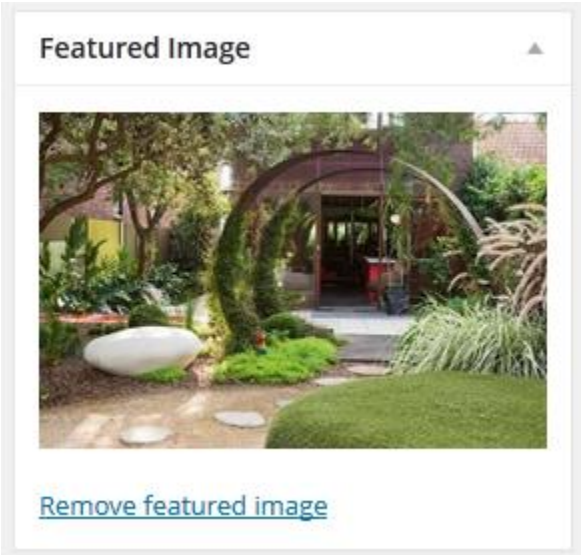

10. Click on View Post to see your portfolio

You can also use this post type to create gallery page

How to create post using this theme?

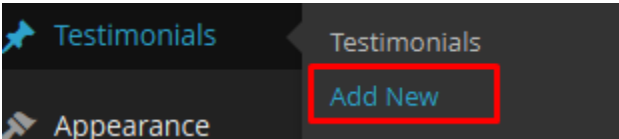

Nothing different.. You just need to Set Featured Image. The size must larger than 300x200 pixels

How to create testimonial post type using this theme?

It's like when you creating new post..

- 1. Just go to Testimonial → Add New

- 2. Enter Testimonial Title and Content (text only)

How to create Home Gallery

It's also as easy as creating featured content.. You just need to set title, upload image and also insert image title.. On homepage, Image Gallery comes with two styles, full width and 1/3 width.. Here is the preview
