

Restore Instructions for the Mix Mag Theme Demos and WP Promo Theme

You can restore the wp promo and mix mag theme demos in literally seconds using the restore links provided below.

Simply follow the steps below using a free Wordpress plugin called WP Clone.

- 1) Create a new wordpress install or select a current domain that you'd like to install the mix mag promo theme on.
- 2) Go to the plugins page and search for WP Clone and install it right from your Wordpress plugin dashboard (this is a free plugin that installs very easily). See below.
- 3) Once you activate WP clone just scroll to the side bar and click WP clone and then on the restore from URL button as shown below.
- 4) Insert the link below into the WP Clone restore field as shown below in the screen shot and follow the instructions.
- 5) The restore should be completed within a minute or two.

IMPORTANT NOTE, when you backup a site with WP clone it saves the login credentials from the source or backup site so you will need to use the login info listed below, once you're logged in you can change the password to anything you like.

Site	username	password	Restore Link
WP Promo Theme	promotadmin	mixmagtheme	http://mixmagtheme.com/wp-content/uploads/wp-clone/wpclone_backup_20th_Apr_2014_02-21AM_Mix_K6HDavNuQT.zip

Note, using WP Clone is only an option. It is a safe and reliable method but as with anything there are no guarantees that this will work without errors, please read the terms and conditions that are displayed prior to performing the restore. In the worst case scenario all you would need to do is create a fresh WordPress install and use the XML files that have been provided or install the theme and images manually.

These are your login credentials and restore links for the Mix Mag Theme Demos, just copy and paste the restore link on the domain you're using to display the demos from.
