

How To Get A Facebook App ID

Create A New Facebook App

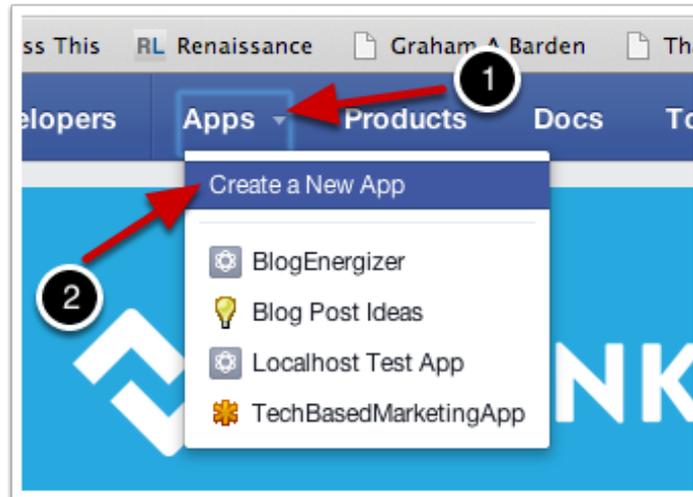

In order to use the plugin, a Facebook App ID is required. To obtain an app ID, you must create a Facebook App. While logged into your account, go to Facebook Developers Website at <https://developers.facebook.com>

Create A New App

Click the Apps dropdown in the menu. Click Create a New App

How To Get A Facebook App ID

Enter App Details

1. In the Display Name, enter a name for your app. It can be anything such as MyWebsite Apps.
2. Next, choose a category from the drop down.
3. Click Create App

A screenshot of the 'Create a New App' form on the Facebook Developers website. The form includes fields for 'Display Name' (containing 'SPP Tutorial'), 'Namespace', and a 'Category' dropdown menu. A 'Create App' button is visible at the bottom right. Red arrows and numbered circles (1, 2, and 3) indicate the steps: 1 points to the 'Display Name' field, 2 points to the 'Category' dropdown, and 3 points to the 'Create App' button.

How To Get A Facebook App ID

Enter Security Code

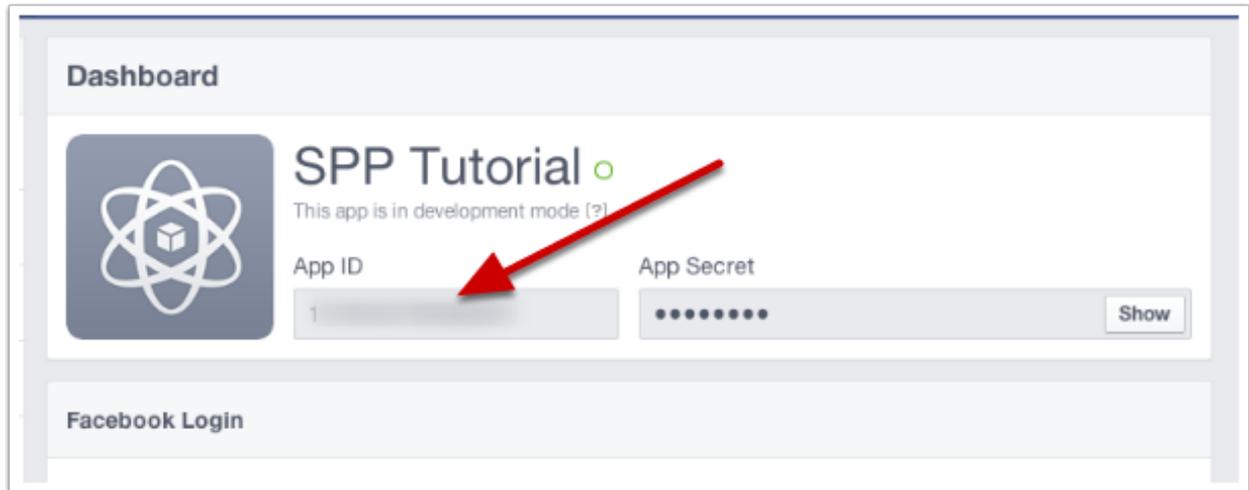

Facebook will ask you to verify with a security code. Enter what you see and click Submit

Get Your App ID

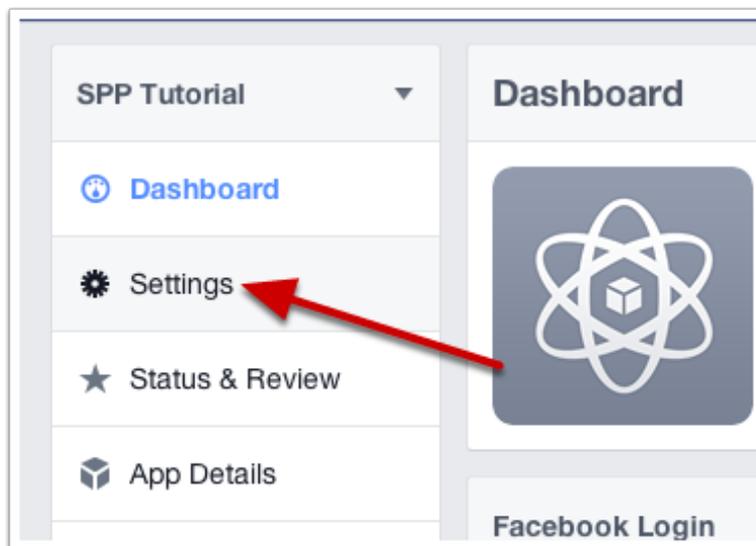

Your app is now created successfully. Before you move on, grab the App ID and copy it to a safe place. You will need it for your plugin.
