d) Once you've logged in, click on Create List>Create Webform

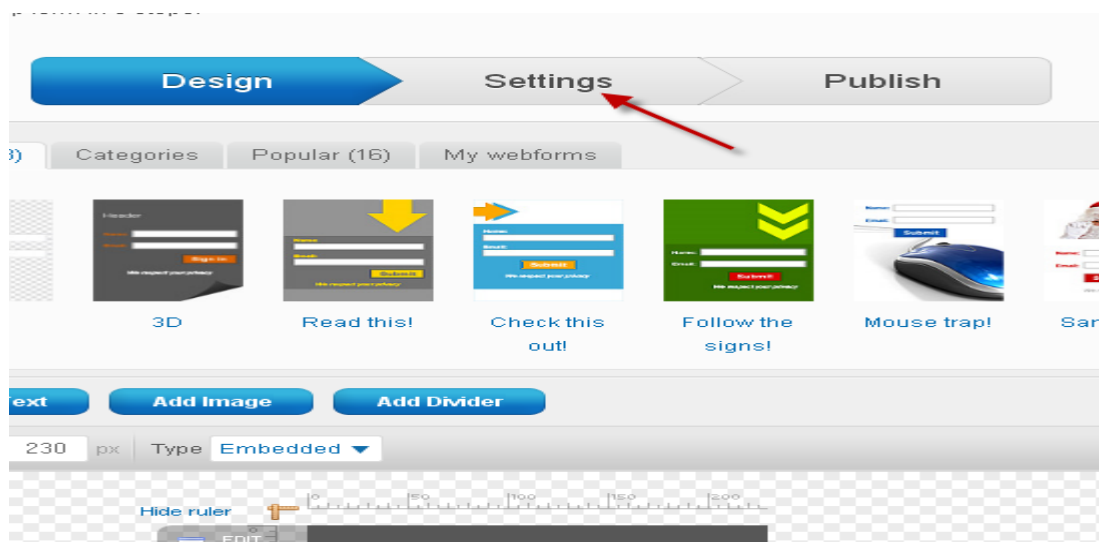

Now I'll guide you step by step on how to create a webform.

-Click on "Edit header" and change the form's name as you see below. Also, click on "Edit footer" and change it to "submit".

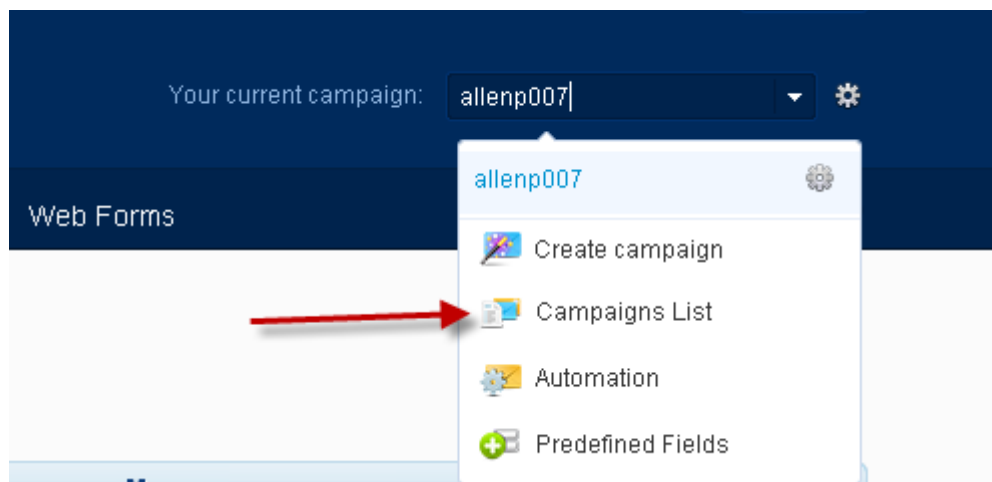

-Click on “Settings”

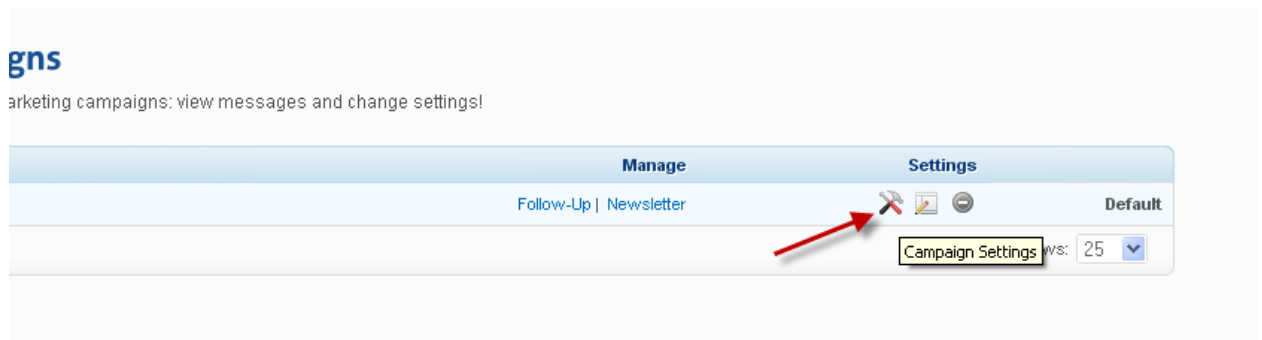

e) Now you need to set up your confirmation email.

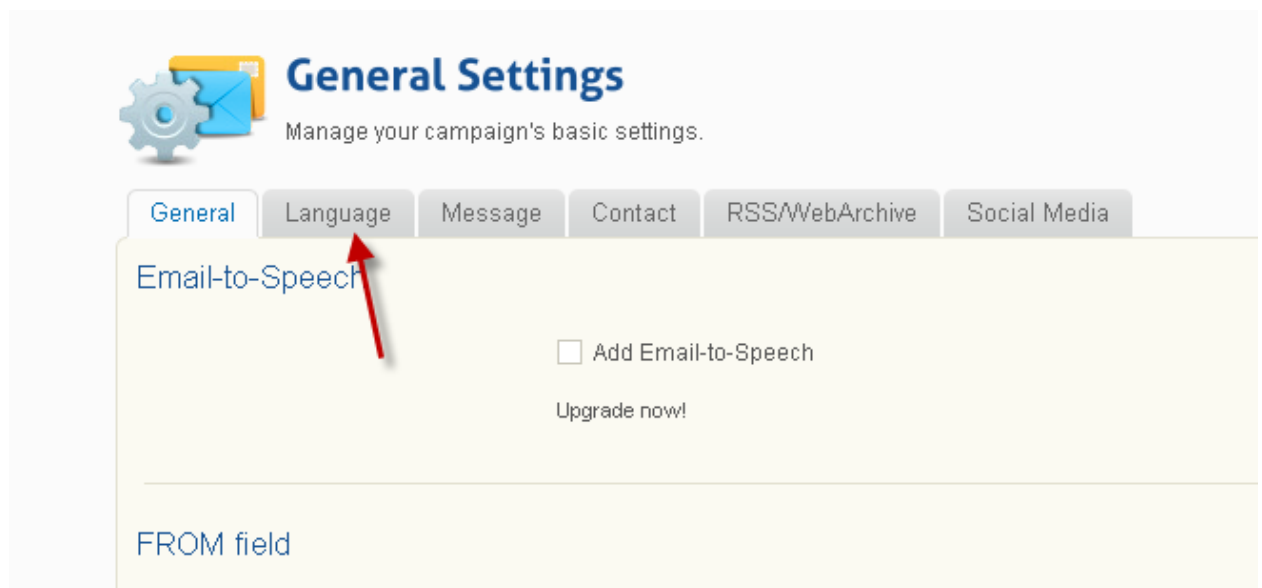

Click on “Campaigns List”

Click on "Campaigns Settings"

Click on "Language"

Now change the settings as you see below:

f) Now you need to create your first follow-up message.

To do this click on Messages > Create Follow-up

g) Next, you need to upgrade your GetResponse account to a paid one because it's free only for the first 10 contacts. To do that, click on "Upgrade" on the upper-right corner.

I recommend you to buy the 501-2500 contacts package first but it's really up to you. It costs \$28.
