Getting Started!

This plugin primarily allows you to create a custom page of your website.

Adding New Page

To add new page, navigate to **Dashboard > Local Leader** and click **Add New**. You are able to create as many custom pages as you can.

Applying Custom Page Design

The page design options are located below on every page you created on this plugin.

Main Settings

This section allows you to select logo of the page, insert header text and select footer menu.

Insert Logo URL

This field allows you to insert logo on your custom lead page. To add, click 'Insert Logo' button and the Media Library will appear wherein you can upload logo from your local computer or from your gallery. The logo you inserted will appear on the header and on the footer as well.

Insert Logo URL:

Insert Logo

Call to Action Heading

This field allows you to insert heading text for your Call to Action area that will appear on the header of the page.

Call to Action Heading:

Call to Action Subheading

This field allows you to insert subheading text for your Call to Action area that will appear on the header of the page as well.

Call to Action Subheading:

Footer Text

This field allows you to insert text on the footer of the page.

Footer Text:

Select Footer Menu

This option allows you to select a footer menu. Lists of available menu that was created on your site will appear on the dropdown list.

Select Footer Menu:

Tap To Call

This field allows you to insert the tap to call number and this will appear only when you are browsing the site on mobile.

Tap to Call:

Design Your Page

This section allows you to change the background colors and text styles. Also, you are able to configure the Opt In Form as well.

Body Background Color

This field allows you to select background color of the page. A color panel will appear once you place the cursor on the input field.

Body Background Image

If you prefer to use background image instead, simply insert image on the sets of input field provided. You can insert up to 3 images only.

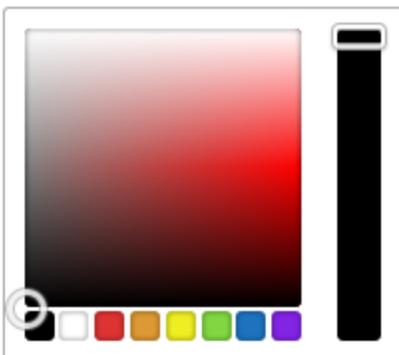

Body Background Image

If you prefer to use Background Color instead, simply leave all the Background Image field empty.

Header Background

This field allows you to select background color of the header section. A color panel will appear once you place the cursor on the input field.

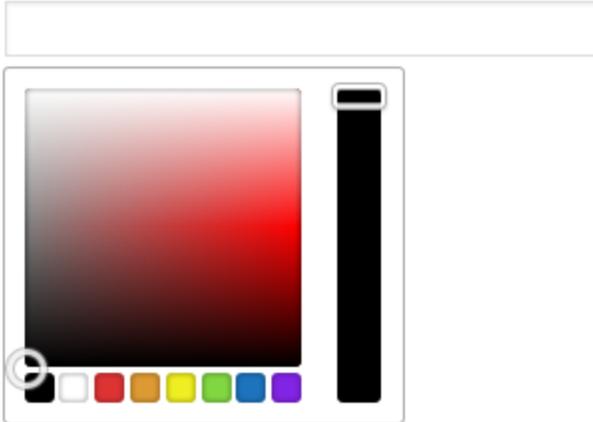

Header Background:

Opt-In Form Privacy Text:

Insert Photos:

This option allows you to insert set of images on your page. You can insert up to 7 images. The images will display as a set of thumbnails on the page.

Insert Photos:

Edit Main Content

This section allows you to edit the contents for the tabs, full-width text area and other details.

Tabs

On this area, you can insert content of the tab and edit the tab title. There are 4 available tabs. On these tabs, you are capable to insert images, text and embed videos, etc.

The image shows a tabbed interface with four tabs: TAB ONE, TAB TWO, TAB THREE, and TAB FOUR. TAB ONE is the active tab. Below the tabs is a content area for TAB ONE. It starts with a label 'Tab One Title:' followed by an empty text input field. Below that is a toolbar containing an 'Add Media' button and two tabs labeled 'Visual' and 'Text'. The 'Visual' tab is selected. Below the toolbar is a rich text editor with various formatting buttons: bold (b), italic (i), link, b-quote, del, ins, img, ul, ol, li, code, more, and close tags. The main content area below the toolbar is empty.

Embed Map

This text area allows you to insert embed code of google maps. To get the embed code, visit <https://www.google.com/maps/preview>.

Embed Map:

A large, empty rectangular text input field with a thin border and a small cursor icon in the bottom right corner.

Company Details

This field allows you to insert the details of your company and this will appear alongside with the social media icons.

Company Details:

Full Width Content Heading

This field allows you to insert the heading text of the full width container.

Full Width Content Heading:

Full Width Content

This field allows you to insert the content of the full width container.

Full Width Content:

Extra Features

This section allows you to enable social media icons. If you don't want to use some icons, simply leave it empty.
