Subject: How to Make Money Immediately

Hey, it's [YOUR NAME] :)

I hope you enjoyed the list-building report I sent you yesterday and started to put the training into action!

In the report, you learned 4 methods to build your list for free...

Today I want to share with you, how to set up what I call an "Affiliate Sales Funnel" so you can make money immediately after a subscriber joins your list.

An affiliate sales funnel includes:

- A high-converting affiliate offer
- A squeeze page with a quality, free offer
- A download page with related offers
- A followup sequence with quality content and offers

Here's how it works...

Visitors land on your squeeze page and a percentage of them will submit their email and join you list.

Your new subscribers will be automatically redirected to an affiliate offer and a percentage will buy.

That means YOU make money immediately!

Subscribers have to check their email to get the free report you promised and when they click the link to get it, they're taken to a download page with links to other affiliate products.

So you have MORE chances to make money!

You will also have a followup sequence that sends free valuable content and related affiliate offers, which gives you more opportunities to make money.

It's all explained in this new training guide called,
"Extreme List Building System". You'll even the exact
sales funnel that I'm using to rake in profits every day!

Subject: How to Get INSTANT Traffic

Hey, it's [YOUR NAME] :)

In the "100 Leads Per Day" report, you earned four
methods for getting traffic and leads for free.

But here's the question I continually get asked...

"How do I get traffic if I don't have a list?"

In other words, how do you get your first few hundred
subscribers so you can start doing ad swaps?

The answer is solo ads. That's where you pay a list
owner to mail your ad out to his subscribers.

Solo ads run from 25 to 50 cents per click. So that's
why it's really important to have a sales funnel in
place so you can cover the cost of your ads.

And solo ads are not just for getting started. If you
use the methods in the "Extreme List Building System"
you can buy solo ads every day and make a profit!

Plus you'll get the exact sales funnel I'm using to
rake in profits every day!
