

# Week #9 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at [lee@listbuildingwithlee.com](mailto:lee@listbuildingwithlee.com) if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

**\*\*\*IMPORTANT NOTE FROM LEE\*\*\***

Some of my students and customers have voiced concerns over not getting approved by product vendors to promote offers. Listen, it is up to you to make this happen! Do whatever it takes. PM or Email the sons of bitches... over and over again, if that's what it takes.

You are certainly welcome to drop my name. Let them know that you're a student of mine and that you're using my content to promote their stuff. But while that will certainly win you some points with many vendors, I don't have relationships with all product creators on Earth, contrary to what you may think!

As such, let them know that you're a real person. Don't be rigid in your approach. Be laid back, maybe a bit playful. Use words like "brother, my friend, amigo, etc." Don't suck up too much. Make them perceive you as valuable. If you beg them to let you promote, you're gonna look like a schmuck.

I've never used that word. Ever. That's how serious I am, apparently. ;)

If you have to contact a vendor more than once, do it. If you have to contact them more than twice, do it.

Also, remember that as you continue using these emails, building your list, and making sales...

You will start getting approved by more vendors more quickly.

C'mon, don't be helpless, okay? :D

You got this, baby!

Rock it out.

Thanks and enjoy,

Lee Murray

### Body:

It's the Coke vs. Pepsi of the internet marketing world.

Product creation vs. list building. Which of these great business models reigns supreme? And while the obvious answer is “both,” very few people actually roll up their sleeves and make both of them happen.

But what if there was a way to combine them? One effort... both goals reached.

Wouldn't the ultimate way to build a buyers list be to actually MAKE your list BE your product? In other words, people actually PAY to get on your list!

>> [Click Here Now – You're Not Gonna Believe This!](#)

What Adam has created is a failproof system for not only getting people to actually pull out their wallets in eager anticipation of getting on your email list...

But to actually make them HAPPY to pay you each and every month... *for life!*

I know, right?

This is being called the absolute smartest online business model of all-time... by some pretty influential marketers. And it shows no signs of losing this crown.

It's the same business model that companies like Netflix, Aweber, and Audible are using to sustain their existing profits while simultaneously growing their userbase. Please think about that... and recognize the power.

This is the same type of thing that you can experience in your own online biz...

>> [Click Here to Let Adam Show You How!](#)

Listen, IM courses come and go. Strategies come and go. Marketers come and go. It's a crazy world... we all know it.

But what I'm sharing with you today is evergreen. In fact, it's only going to become more and more effective over time...

*Adam Nolan is a staple in the IM community.*

You're in good hands. It's up to you to take advantage of this fact.
