

Week #17 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at lee@listbuildingwithlee.com if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

*****IMPORTANT NOTE FROM LEE*****

Some of my students and customers have voiced concerns over not getting approved by product vendors to promote offers. Listen, it is up to you to make this happen! Do whatever it takes. PM or Email the sons of bitches... over and over again, if that's what it takes.

You are certainly welcome to drop my name. Let them know that you're a student of mine and that you're using my content to promote their stuff. But while that will certainly win you some points with many vendors, I don't have relationships with all product creators on Earth, contrary to what you may think!

As such, let them know that you're a real person. Don't be rigid in your approach. Be laid back, maybe a bit playful. Use words like "brother, my friend, amigo, etc." Don't suck up too much. Make them perceive you as valuable. If you beg them to let you promote, you're gonna look like a schmuck.

I've never used that word. Ever. That's how serious I am, apparently. ;)

If you have to contact a vendor more than once, do it. If you have to contact them more than twice, do it.

Also, remember that as you continue using these emails, building your list, and making sales...

You will start getting approved by more vendors more quickly.

C'mon, don't be helpless, okay? :D

You got this, baby!

Rock it out.

Thanks and enjoy,

Lee Murray

There's really no better way to build a power list, one chock full of buyers, than by releasing your own products.

And plenty of training is readily available to show you just how easy it is to create and release your own. But that ain't the whole ball game...

Let's say you spend a weekend putting together an awesome product. Then put it out on the market, and “oops” you fall into the 97th percentile of other product launchers and have a miserable flop on your hands.

Meaning? All that work, and less than a handful of buyers being added to your list. Enough to make you want to reconsider this whole IM thing.

Please don't reconsider. Instead, consider this. Let's make sure your first, or next product becomes so massively successful that you add hundreds of buyers to your list, yes?

Here's a program by a top JVZoo product seller that shows step by step how to make sure YOUR product absolutely crushes it when you launch.

So you profit on the front end. On the back end. And add a boat load of lucrative buyers to your list.

Thing is, it's a system. The reason 97% fail is they spend all their time on the product, not working the system. Want buyer leads? Then listen up...

You need to know the right types of product to market.

You need to craft a high converting offer.

You need to know how to recruit affiliates to promote for you.

You need to know how to boost your conversions.

All of the above and so much more are included in this step by step course.
