Chapter 4:

Handling Objections

Synopsis

Imagine this... You've put in hundreds of hours of sweat and blood to create amazing products, long sales pages and draw massive traffic. You've finally managed to get your leads to listen to your pitch all the way down to the price tag and then for *some reason*, the fish don't seem to bite.

You scratch your head and wonder what the heck just went wrong. This chapter will help you solve this issue. You see, the reason why interested buyers don't end up buying after being pitched is because there is always something still holding them back from filling in their credit card details.

One of the common culprits is **fear**. For example, fear of investing in something that might or might not work out. Fear of being laughed at. Fear of not succeeding despite having the best tools in the market.

It's essentially *your* job as a marketer to help your potential customers **overcome these objections**. But fear not! We've prepared a whole LIST of tools for overcoming objections that you can immediately use in this section:

Guarantees

Guarantees are vital for removing doubts of the prospect. Generally, the better and longer your guarantee period is, the higher your sales copy's conversion will be.

**Your Membership Is Backed By My...
"Take-It-To-The-Bank" 100% Guarantee For
The
First, Full 12 Months Of Your New Membership.**

I want you to be as confident as I am, and many of my members are. But just in case you have any lingering doubts whatsoever, I want to make it foolproof for you. You see, I *completely guarantee* your satisfaction. Not for 30 days. Not for 90 days. Not even for 6 months. But for an entire year!

Let me be more specific. Here's my 12-Month Guarantee...

I personally guarantee your satisfaction right down to the very last day of the first 12 months after your subscription starts! That's a whole year!

Here's how it works...

Become a member today and listen to every recording, watch every video, read every article, access any of the resources and download every bonus... Right down to the very last day.

If at any time during those first 12 months you're NOT completely convinced The Copy Doctor is worth the price of your subscription many times over, I want you to ask for your money back.

I'll refund you for the entire membership fees you paid during your first year, on the spot. Fair enough?

Even if you don't like it, return the package. My 100% Guarantee to You.

And I will even put \$1,000 of my own money on the line.

That sounds crazy right. You are going to absolutely adore this package.

This is my life's work and I put my heart, soul and my most prized and treasured information and secrets into this package for you.

However if for any reason you decide this is not right for you I want you to send it back and *let me give you your money back.*

Risk-Free Guarantee #1 -- Get your copy of Hypnotic Selling Secrets today, **try it out for 90 entire days**, and if it doesn't double your sales, optins or click throughs - or for any reason what so ever during that time you decide this is not right for you - I want you to send it back and let me give you a fast 100% refund.

Even BETTER Than Risk-Free Guarantee #2 -- Get your copy of Hypnotic Selling Secrets today, use it for the **next 90 days** -- watch the videos, read the manual, do the exercises, follow the Life-Long Learning Guide, and consistently apply this to your marketing for the next 90 days while documenting your before and after results.

If these Hypnotic Selling Secrets do not improve your results, **earning you at least double what you paid**, then I will not only refund your purchase, **I will also give you \$1,000 cash back out of my own pocket.**

Why am I willing to risk so much? Because I believe so strongly in what this information can do for you. I have seen so many other people, just like you, dramatically improve their business in just a few short hours. You can do the same.

Here's The Biggest Most Daring Guarantee Ever Made In The History Of Marketing!

(It's Also The Gutsiest Guarantee I've Ever Made. Where You Either Walk Away With \$25,000 Or It's FREE!)

There is no one else in the business growth, marketing or personal achievement field has ever made the kind of daring offer that I'm about to. *But first ...*

It's vital that you know I'm asking you to pay only after you profit at this workshop. Ok, here's how it works.

If by the end of the third day, you haven't experienced at least four financial windfall ideas (worth \$25,000 to \$50,000 each) then I insist that you ask for your money back.

Frankly, if I haven't delivered on my promise, then I'd be embarrassed to keep your money. I'm deadly serious. Either you make money from my teachings or you don't pay. It's that simple.

Now you might be wondering how I can afford to make such a powerful no-lose guarantee where 100% of the risk is on my shoulders and none is on yours. Well the truth is, it's not really a big risk on my part. Because I've already had to do it at a much higher level and I've consistently delivered.

Here's what I mean: When people pay me \$25,000 to participate in my programs, they're usually looking for a seven figure pay-off for themselves. And that's exactly what I give them. So it's no wonder why a high percentage of my past attendees keep enrolling in my programs, year after year.

So I'm sure you'll agree, if I can consistently produce financial jackpots and cash flow bonanzas at my higher ticket programs (where the pressure is far greater) - then it would be incredibly easy for me to do the same, when attendees have paid much less.

And that means you. Yes you. At this workshop you're investment to attend is just a tiny fraction of what I usually charge at my \$25,000 a seat workshops. In fact, below is my official guarantee that **you can print out and keep for your records.**

My Famous "You Profit Or I Pay" Guarantee

Attend the workshop for 3 full days. Listen to every session, network with other attendees, take plenty of notes and ask all the questions you want. If by the end of day 3, you don't think that it was the most valuable workshop you've ever attended, then just approach one of the organizers and say *"hey, I don't think this seminar is for me, I'd like a refund"*.

Next, you will be given a full 'no questions asked' refund on the spot (a check will be written out for you right then and there). **Plus we will even include an additional \$350 cash** (*that you can spend on your plane ticket back, or anything else you like*) as our way of saying "thank you" for giving us a fair try. Now, we couldn't possibly be any fairer than that, could we?

Don't Say "Yes." Just Say "Maybe" And Give It a Risk-Free Test-Drive For a Full 99 Days!

I hate seeing the word "guarantee" everywhere. What is it supposed to mean? Just

words. Platitudes to get you to buy. So, I'm making you more than just a guarantee.

It's a personal promise to you.

I honestly believe this is the most powerful, intensive yet easy-to-learn course currently available. I would want the ground to open and swallow me whole if I thought you were disappointed. **So here's the deal...**

Enroll in the course today. Try it out for a full 99 days. Pull it, twist it, take notes, mark up your copy, and apply what you learn. If you feel it really wasn't worth the investment, just return the product, and I will deposit your payment right back into your account the very same day if possible...

It's my 99-day — **that's more than 3 whole months!** — risk-free, love-it-or-leave-it, full money-back personal promise.

So don't wait a second more!

Only the next 230 "early birds" get this package. Click here to enroll right NOW!

However, don't order it with the intention of just skimming it over and returning it.

That's not fair to either of us. I'm confident that these strategies will absolutely work for you -- if you apply them and put them to the test.

But don't order if you aren't going to go through the material or implement any of the strategies.

Let's face it, if you're **NOT** going to seriously test & apply these simple but powerful techniques, and give our course an honest and fair evaluation (or return it in 2 days) - then you're probably not the type of trader who will be successful anyway.

But if you are serious about improving your trading, and really want to give yourself an unfair advantage in the markets, **then now is the time to order. Click here to get your copy!**

Now here's how your guarantee works: Watch the tape. Let the lesson "sink in"

as you watch. You can do a little practice, if you like (it's not required).

For most golfers, the season is pretty much over this month because most courses are closed.

Doesn't matter.

Use what you've learned when you do go out the **next** time. **You aren't under any time limit at all.** (Darrell says learning this **now**, before the actual next spring season starts, will allow these secrets to "cook" inside you... so when you do use them, they will just **be** there, like "**magic**", all settled and cozy in your mind. He says this is really the **best** way to do it.)

Now if you **DON'T** break 90... on the **very next round of golf you shoot**, or on **any** round after that... then I insist you send the tape back to me (with your scorecard)... and I will rush you (by return mail) **this crisp new \$50 dollar bill**. No time limit – take all season (and the next one, too, if you like) to make sure the lesson "sticks".

That means, if you choose... your entire "secret" lesson will be **FREE**... and... you'll get a nice **CASH BONUS** on top. Right out of *my* wallet... and into *yours*.

You don't risk a penny giving this amazing breakthrough in low scoring a "look see" yourself... not a *penny*. In fact, because I'm sending you **\$50.00** back, you're actually coming out way *ahead*. Just for trusting me a little bit... and taking *one measly hour* to see what all the fuss is about.

Listen: my way works! In fact, if it doesn't work (it will) you better see a doctor and get your thyroid checked. But don't kid yourself. It's not your thyroid. No, your only problem is you are not using "Larry's Way"! If you do use it, you'll get skinny and that's it. Period. Now, let's suppose you order "Larry's Way" and, after reading my report, you decide you don't even want to try my secret. Well, in that case, you are a very silly person, but even so, all you have to do is return it and I will send back 100% of what you paid. And what happens if you do follow my plan and you don't lose all your excess weight? Personally, I think that it is almost impossible but, if it should happen, I want you to get checked out by a M.D. and if he says there's nothing wrong with you...

I'll Give You Double Your Money Back!

Okay, that's it. Now you know what's in the product, how it works and what other people (including three doctors!) have to say about this amazing weight loss breakthrough. You also have my ironclad, legally binding personal and corporate guarantee that I will give you an immediate refund of every penny you paid if, after 30 days, you have not experienced a safe and very dramatic loss to of excess body fat.

Here's how you can read my book and try my diet without any financial risk at all. Go ahead and order my book by mail. Keep it 30 days and read it and check it out. And if you're unhappy with it, send it back and I'll return your payment to you quietly without question.

If you're extra sceptical I suggest you post date your check or money order by 30 days. I promise to guarantee I will not deposit it for at least that amount of time. And if you decide to return my book I will send back your uncashed check or money order with no questions asked

Triple Your Energy In 60 Days Or... Your Money Back!

If you're like most people who try this formula, you will experience so much energy and better health that you will never want to stop taking it!

Will this book help you? Will it help you make sure that you are one of the taxpayers that does not get cheated? Here's how you can find out without any risk at all.

Chapter 5:

Conversion Boosters

Synopsis

This section is dedicated to helping you create high converting salesletters. It has everything from benefits, scarcity factors to emotional triggers.

Stating the benefits of your products over others is vital in convincing your customers why they should choose your product over others. It also tells them how your product can help them solve their existing problems or fill in any gaps they might have.

Scarcity is an important psychological skill for convincing people to take action. Human beings have the tendency to procrastinate and if you don't give them a compelling reason to take action, they won't.

People buy things out of emotion, not logic. If you want your customers to heed your commands, you'll have to learn to tap into their emotions using words or phrases known as emotional triggers.
