

Installation:

1. Double-click on “blog-warrior.exe” and the following screen will appear:

2. Go through the installation process and once you're done, select the “Launch Blog Warrior” option and click “Finish”.

3. FOR WINDOWS VISTA USERS: [Please check this video](#) for an additional step to complete in order to use Blog Warrior on your computer.

Using Blog Warrior

1. Enter your keyword in the Keyword text box.
2. Click the “Search” button next to it and wait while Blog Warrior gathers data online and display them. This process might take a while, so please be patient.
3. You may want to enter your own domain name to check if the pages displayed already have your link or not.
